- Covid testing this week is Monday. We had two cases from testing last Wednesday.
- Any student who tests positive on Monday will not be able to return to campus for the remainder of the school year. This includes participation in any year end activities. Additionally, any student who does not have a recent negative test (within the last 16 days) will be disallowed from campus.
- Kindergarten celebration will start at 8:30 Tuesday morning. We should be done before 10 am. so we can try to be done before recess. Parents will need to enter the auditorium from the doors near the front office. We will be in a crowded space, masks for parents are highly recommended.
- Fifth grade students and families have been sent information regarding culmination. In order to participate 5th grade students must be current with their covid testing. Students without a daily pass or disallowed due to an out of date covid test will not be allowed to participate. Obviously 5th grade students that have a positive covid test leading up to culmination will not be allowed to participate. Please consider wearing a mask to help mitigate this possibility.
